

# Econ 0039: Advanced Macro, 2025-2026

---

## Lecturer information

Prof. Franck Portier, [f.portier@ucl.ac.uk](mailto:f.portier@ucl.ac.uk)

Office: 311 Drayton House

Franck Portier is Professor of economics at UCL. He is a macroeconomist and studies macroeconomic fluctuations, the role of expectations in business cycles and the patterns of recessions. Holding a PhD from University Panthéon Sorbonne in Paris (1993), he is an honorary senior member of the Institut Universitaire de France, and was previously professor at the Toulouse School of Economics.

More on his work can be found on his webpage: [\(macro\)Economics live from London](#).

You can have a look below at some columns that he wrote for [VoxEU](#)

- [\*On the fragility of the nonlinear Phillips curve interpretation of recent inflation\*](#) (14 Apr 2025)
- [\*The next US recession is likely to be around the corner\*](#) (3 May 2019)
- [\*The market economy's stability\*](#) (4 Jul 2015)
- [\*Reconciling Hayek's and Keynes' views of recessions\*](#) (1 Jun 2014)

You can also check this short video on why market economies are fundamentally unstable: <https://youtu.be/VgTIBYFk2G8>
